

To Whom This May Concern,

I had the pleasure to work with Alyssa Davidson from December of 2023 until June of 2024 at Publix Supermarkets as her Customer Service Manager. She had been the role Customer Service Staff prior to my tenure. Alyssa is the associate that you would want to work for you at any establishment. Her willingness to improve the business and herself speaks volumes in the type of associate she is. Her integrity is optimal to the highest of standards because even in the absence of leadership the expectations never were always upheld. Her tenacity in assisting through teamwork and engaging with others helped everyone achieve their goals whether they were individually or as a team. Alyssa always wanted to know more and was a steward in being the best person in her position. She wanted to know how she could improve even if the decisions she made were the right ones. I cannot recall a time where she was not optimistic in her approach. She did great with directions and was completely coachable. If I had the ability, I would have Alyssa be a part of my team no matter what location I was transferred to; that is just how great of an experience I had working with her. I request that she be given the opportunity to be given the chance of being onboarded no matter what the job entails. I know for a fact that she would be value added to the company with a doubt.

Best regards,

AJ Allen
